ZEAL R. PETERS TREASURER OF COUNTY BOARD

Zeal R. Peters, Aspers R. I., was elected treasurer of the Adams county school board at its June meeting Monday evening at the office of the county superintendent of schools in the court house. He succeeds Chester B. Worley, York Springs P. D., who served two terms as treasurer and was elected second vice president Monday evening succeeding Mr. Peters to that post.

Reports by County Officer William I. Shields and the county supervisor of special education, Miss Dorothy M. Warner were presented at the session.

Makes Suggestions
Adams county was first in the commonwealth last year in the number of corrections made in the schools for health matters, Mr. Shields told the board. Recommendations made by Mr. Shields to the county school boards were repairs to leaking roofs, cleaning of school rooms, exterior and interior painting of the schools, repairing of heating equipment, cleaning of chimneys, removal of hazards about the school grounds, such as barbed wire fences, and re-dressing of floors. All of that type of work should be done during the present summer while the schools are closed, he told the board. Several schools, he reported still have guards over the windows. The guards, he said, constitute a menace to easy exit by the students in case of fire and should be removed.

Special Education
Miss Warner reported on special education work during the past year and told the board that schools do not have to accept students despite their chronological age if their mental age is less than 4½ years when they are ready to start their schooling. She urged that youngsters be not started to school too early, saying that the "greatest difference" can be noted between children of six and those "just a few months younger" in their progress in the first grade. Out of 18 "dull" youngsters reported to her last summer for individual testing, she recommended that four should not start school that year despite their chronological age.

Of 1,036 students given screening tests for hearing, 47 were discovered to have serious hearing defects, Miss Warner said.

Need School Nurses
She recommended that each school district employ a school nurse, stating that the assistance given by the nurse, particularly in medical care of youngsters would more than repay for the extra cost to the district of having a nurse. The board approved budgets for the following school districts: Abbottstown, Berwick township, Biglerville, Conowingo and Cumberland townships; East Berlin, Fairfield, Freedom, Germany, Highland, Lattimore, and Liberty townships; Littlestown, McSherrystown, Menallen, Mr. J. M. Pleasant, Oxford, Reading, Straban, Tyrone, and Union townships and York Springs. President Raymond Baugher, New Oxford, presided at the session.

Hopeless

Moscow, June 27 (AP)—Under one of the most terrific air assaults of the war, Germany's white Russian forward wall by the Orsha, Mogilev and Bobruisk bulge appeared to be collapsing today. With the entire salient of more than 100 miles in immediate danger.

Red air fleets from four fronts were ceaselessly attacking enemy reserves, tank formations and forward positions and hitting at bridges and communications behind the enemy's tottering lines.

On the ground, four powerful Red armies advancing along a 250-mile front began converging on the Minsk gateway to Warsaw and Hitler's Reich.

The Germans were fighting savagely to hold the great bulge but it appeared a hopeless task.

ROTARY INSTALLS NEW PRESIDENT

Walter T. Africa was installed as president of the Gettysburg Rotary club at its regular meeting Monday evening at the YWCA.

Boatswain's Mate Ralph F. Downs told the club of fighting in the Southwest Pacific including Guadalcanal in which he took part and urged all to "buy bonds to give the boys overseas what they need to win the war for you."

The local club voted 26 for and three against on the question of dividing the 18th district of Rotary International, in which Gettysburg is included, into three smaller districts. Walour Baker and P. Ward Staussman were tellers for the election.

It was this county's answer from the home front on "Cherbourg Day" and the result brought the grand total of sales to \$1,292,235. There remains approximately a million and a half dollars worth of bonds to be sold to reach the quota of \$2,797,000.

Biglerville headed the Women's Division list with sales totaling \$15,175.

The Women of the Moose placed second with \$12,450. Gettysburg's two bond booths followed with \$6,020; Littlestown had \$2,675 and East Berlin reported \$2,075.

VETERAN ASKS COUNTIANS TO BUY WAR BONDS

"It would rain solidly for three hours—so hard that a man would almost be pummeled to death if he stood in it and so hard that for hours afterwards the ground would be a muck that had tide ripples in it, so deep was the mud."

"Then the sun would come out and the temperature would rise to 120 or 130 degrees and the dust would get so thick men working around trucks would have to wear handkerchiefs over their mouths and noses to keep the dust from choking them."

Those were the minor discomforts of fighting in the Southwest Pacific outlined by Chief Boatswain's Mate Ralph F. Downs Monday evening at a War Bond Rally held for residents of the upper end of the county in the Fruit Growers' Hall, Bendersville.

The major discomforts were the Japanese, the diseases and the jungle.

Guadalcanal Battle

The veteran of 18½ months fighting in the Pacific and 20 years of service in the Coast Guard told mostly of the battle of Guadalcanal.

Born at Wellsville on the "Eastern Shore" of Maryland, Downs entered the Coast Guard after leaving school and "had just learned how to do things the Coast Guard way" in 18 years, "when the war came along and everything had to be changed because of the tremendous expansion of the service."

During his first two months in the Pacific he was engaged with other coast guard members in building camps and landing strips in the Zehribes and New Caledonia bases. Then the group went to New Zealand to pick up Marines and to start what the men were told were maneuvers in the Pacific. On August 5, 1943 the ships were well into the Coral sea. The men were then told they were going to invade Guadalcanal. About 6 p. m. that day they passed within a few miles of Guadalcanal and kept on going in order to deceive the enemy. At midnight they turned back, reaching Guadalcanal at 6:15 o'clock in the morning. "We were surprised at Pearl Harbor," (Please Turn to Page 2)

Yankees Get Huge Amount Of Equipment At Cherbourg

By DON WHITEHEAD

Cherbourg, June 27 (AP)—Thousands of German prisoners are streaming into American prison camps today and a huge amount of enemy equipment has fallen into doughboy hands—with no one yet having time to assess the great stores of ammunition and supplies captured in Cherbourg.

The doughboys went in today to clear out the last stubborn defenses in the arsenal area on the western side of the city, and to mop up isolated resistance around Hardin-vast, four miles south of the city.

One of the most stubborn knots of resistance finally broke this morning when a German artillery colonel radioed to the Americans he wished to surrender. He was taken prisoner along with 300 others.

About 9,000 prisoners surrendered yesterday, among them Lt. Gen. Carl Wilhelm von Schlieben, German commander of Cherbourg, and Rear Admiral Hennecke. These two came out of an underground fortress and gave themselves and 800 of their men up to the American

ELECTION HEADS TO RECEIVE G-I BALLOT DETAILS

Arrangements for a meeting of the judges of election of the various districts of the county at the court house Monday evening at 8 o'clock were completed today while the number of registrations of countians for G-I ballots grew to 2,407.

Judge W. C. Sheely, chairman of the Adams county council of defense, will outline to the judges of election the results of the registration being conducted by the civilian defense workers throughout the county at Monday evening's session and will distribute the cards filled out by the G-I canvassers to the various election officials.

Ballot Day July 7

Members of the county board of elections will then outline to the judges of election the work they are scheduled to do during Military Ballot Day, Friday, July 7 and will distribute supplies to the district officials.

"The judges of election and inspectors will sit at the various election places in the county from 7 a. m. to 8 p. m., July 7, just as on a regular election day, and will post the registration cards turned in by the G-I workers."

They will also take any information given them pertaining to any soldier, sailor or marine or member of an affiliated service with the armed forces and will register those names given to them. It was stated, "Military Ballot day and the canvass by the civilian defense workers have been established so that no soldier qualified to vote will be missed and we ask the cooperation of everyone to see that they are not missed," a spokesman for the election board said today. "Anyone knowing of any soldier, and who does not know whether that soldier has been registered, should go to the proper election house and register the service man's name so that he can vote."

New Returns
Returns by the election boards of the various districts should be made to the county election board at the commissioners' office in the court house on Saturday, July 8, from 8 a. m. to 12 noon, it was stated.

Among the civilian defense districts which turned in registrations today were, Abbottstown, 35; Hamilton township, 23; McSherrystown, first ward, 105, and second ward, 147. Biglerville and Butler township have still not reported registrations and a few registrations are expected from other districts which have previously turned in a number of cards, it was said today.

Nazi Defenders Of Huge Harbor Die By Hundreds

By WES GALLAGHER

Supreme Headquarters Allied Expeditionary Force, June 27 (AP)—American troops completed conquest of the deep-water port of Cherbourg today, while a powerful British offensive swept up three more towns and punched within three miles of the eastern Normandy bastion of Caen.

In the battle of Cherbourg "the enemy has lost the greater part of four infantry divisions, numerous naval and marine units, and line of communication troops," supreme headquarters declared.

The doughboys captured Lt. Gen. Carl Wilhelm Von Schlieben, Nazi garrison commander, and Rear Admiral Hennecke, sea defense commander of Normandy. Salvage experts rushed in to make the great docks and harbor a tremendous funnel of men and supplies for the battles to liberate Europe.

Montgomery Pounding Out Advances

But already Gen. Sir Bernard L. Montgomery was battering out on the eastern flank, with British troops driving east and southeast of Tilly-sur-Seuilles. Field-dispatches said forward elements were less than three miles due west of the stronghold of Caen, and within a mile of the main road running southwest from Caen across the base of the Normandy peninsula.

The three additional towns captured were La Gaille, Cheux and St. Manvieu, in a stretch running some five miles east of Tilly.

Warship guns supported this push, battling against the most violent kind of opposition in the sector where the German command had concentrated four armored divisions.

Ends Second Phase of Campaign

Supreme headquarters declared "the fall of Cherbourg ends the second phase in the campaign of liberation"—defeating the immediate German tactical reserves and obtaining a harbor for larger operations.

There were indications that Montgomery already had begun the third phase, that of engaging the full strength of the German army and defeating its strategic reserves.

Today's Allied communique was issued about four hours after supreme headquarters had given the first official word of the capture of Cherbourg with the terse announcement—"Flash—Cherbourg fallen."

BULLETINS

Rome, June 27 (AP)—U. S. heavy bombers attacked targets today at Budapest, Hungary, and Brod, Yugoslavia.

Chicago, June 27 (AP)—Arriving to address the Republican convention, Herbert H. Hoover said today he would participate vigorously in the election campaign. "I am going to stay in this fight until I die," the only living former president told newspapermen as he stepped from his train. "The fight is for everything that is precious to the American people."

Hold Airfield

One of these held Maupertus airfield five miles east of the port, while the main remaining German force was bottled up in Cap de la Hague, at the northwest tip of the peninsula. Where Bradley's men can deal with them at will.

The British were advancing under heavy cloud cover which robbed them of the benefits of Allied air superiority and in the face of stubborn resistance.

There was every indication that Rommel was determined to defend Caen to the last and an ever greater battle than the assault on Cherbourg was likely to develop as Montgomery makes his bid to break out into the open country.

Bursts Old Boast

Cherbourg fell to American infantry after house-to-house fighting which climaxed five days of the most bitter fighting of the 21-day campaign and came almost four years to the day since Adolf Hitler, surveying a defeated France, proclaimed, "the war in the west is finished."

In its closing phases, the capture of Cherbourg was a bloody grenade and bayonet business by clean-up squads which moved through smoky streets wiping out pillboxes and strong points. Von Schlieben ignored a second call to surrender yesterday and the last-ditch defenders died by the hundreds in the final hours of their fanatical fight.

One of the richest prizes in Europe, Cherbourg's outer harbor alone covers 1,250 acres of water and will hold more than 100 of the largest merchant ships. This "Atlantic terminus" provides a safe anchorage even in the roughest weather.

Waiting in the English channel for the port to fall was an enormous Allied salvage convoy with every type of equipment ready to rush in and repair the dock facilities and remove any sunken ships.

Fifty-five members and guests attended.

Presentation of the plaques was made by Dean W. E. Tilberg, chairman of the club's military affairs committee. The plaques, carrying the colored emblems of the various branches of the service together with the name of the member in gold were given to the following:

Mrs. Stewart H. Moyer for her husband, Major Moyer; Mrs. Westerman for her husband, A.S. Carl A. Westerman; Mrs. J. Donald M. Swope for her son, Lt. Donald M. Swope; Mrs. Donald P. McPherson for her son, Lt. (jg) Donald P. McPherson; Mrs. Arthur E. Rice for her brother-in-law, Lt. Col. John S. Rice; Mrs. Mayme B. Hartman for her son, Sp. (A) Lee M. Hartman, and Mrs. William A. Beales for her husband, S. 2/C William A. Beales.

Hear Veteran

The presentations were made after the clubmen and their guests had enjoyed a fried chicken dinner. Two piano selections were played by Richard B. Shade, supervisor of music in the Gettysburg public schools and a member of the club. He played "Impromptu" by Hugo Reinhold and "Concert Waltz" by Levitzki.

The group was addressed briefly by Boatswain's Mate Ralph Downs, veteran of 20 years of service in the Coast Guard and months of action in the Pacific during this war. He was presented by Lion Glenn L. Bream and spoke in the interest of the Fifth War Loan drive.

He declared that he believed the Japs at Guadalcanal had nearly as big a surprise as did the Americans at Pearl Harbor. He described the "clockwork precision" of the Guadalcanal attack and campaign and the conditions under which American heroes fought and died there.

In a brief business session the club voted to omit next week's meeting setting July 10 as the date for the next session, when newly-installed officers will be in charge. The retiring president, Hugh C. McIlhenny presided Monday evening.

VETERAN ASKS COUNTIANS TO BUY WAR BONDS

"It would rain solidly for three hours—so hard that a man would almost be pummeled to death if he stood in it and so hard that for hours afterwards the ground would be a muck that had tide ripples in it, so deep was the mud.

"Then the sun would come out and the temperature would rise to 120 or 130 degrees and the dust would get so thick men working around trucks would have to wear handkerchiefs over their mouths and noses to keep the dust from choking them."

Those were the minor discomforts of fighting in the Southwest Pacific outlined by Chief Boatswain's Mate Ralph F. Downs Monday evening at a War Bond Rally held for residents of the upper end of the county in the Fruit Growers' Hall, Bendersville.

The major discomforts were the Japanese, the diseases and the jungle.

Guadalcanal Battle

The veteran of 16½ months fighting in the Pacific and 20 years of service in the Coast guard told mostly of the battle of Guadalcanal.

Born at Wellsville on the "Eastern Shore" of Maryland, Downs entered the Coast Guard after leaving school and "had just learned how to do things the Coast Guard way" after 18 years, "when the war came along and everything had to be changed because of the tremendous expansion of the service."

During his first two months in the Pacific he was engaged with other coast guard members in building camps and landing strips in the Hebrides and New Caledonia bases. Then the group went to New Zealand to pick up Marines and to start what the men were told were maneuvers in the Pacific. On August 5, 1943 the ships were well into the Coral sea. The men were then told they were going to invade Guadalcanal. About 6 p. m. that day they passed within a few miles of Guadalcanal and kept on going in order to deceive the enemy. At midnight they turned back, reaching Guadalcanal at 6:15 o'clock in the morning. "We were surprised at Pearl Harbor," (Please Turn to Page 2)

Yankees Get Huge Amount Of Equipment At Cherbourg

By DON WHITEHEAD

Cherbourg, June 27 (AP)—Thousands of German prisoners are streaming into American prison camps today and a huge amount of enemy equipment has fallen into doughboy hands—with no one yet having time to assess the great stores of ammunition and supplies captured in Cherbourg.

The doughboys went in today to clear out the last stubborn defenses in the arsenal area on the western side of the city, and to mop up isolated resistance around Hardin-vast, four miles south of the city.

One of the most stubborn knots of resistance finally broke this morning when a German artillery colonel radioed to the Americans he wished to surrender. He was taken prisoner along with 300 others.

About 9,000 prisoners surrendered yesterday, among them Lt. Gen. Carl Wilhelm von Schlieben, German commander of Cherbourg, and Rear Admiral Hennecke. These two came out of an underground fortress and gave themselves and 800 of their men up to the American

ELECTION HEADS TO RECEIVE G-I BALLOT DETAILS

Arrangements for a meeting of the judges of election of the various districts of the county at the court house Monday evening at 8 o'clock were completed today while the number of registrations of countians for GI ballots grew to 2,407.

Judge W. C. Sheely, chairman of the Adams county council of defense, will outline to the judges of election the results of the registration being conducted by the civilian defense workers throughout the county at Monday evening's session and will distribute the cards filled out by the CD canvassers to the various election officials.

Ballot Day July 7

Members of the county board of elections will then outline to the judges of election the work they are scheduled to do during Military Ballot Day, Friday, July 7, and will distribute supplies to the district officials.

"The judges of election and inspectors will sit at the various election places in the county from 7 a. m. to 8 p. m., July 7, just as on a regular election day, and will post the registration cards turned in by the CD workers.

They will also take any information given them pertaining to any soldier, sailor or marine or member of an affiliated service with the armed forces and will register those names given to them, it was stated. "Military Ballot day and the canvass by the civilian defense workers have been established so that no soldier qualified to vote will be missed and we ask the cooperation of everyone to see that they are not missed," a spokesman for the election board said today. "Anyone knowing of any soldier, and who does not know whether that soldier has been registered, should go to the proper election house and register the service man's name so that he can vote."

New Returns

Returns by the election boards of the various districts should be made to the county election board at the commissioners' office in the court house on Saturday, July 8, from 8 a. m. to 12 noon, it was stated.

Among the civilian defense districts which turned in registrations today were, Abbotstown, 35; Hamilton township, 23; McSherrystown, first ward, 105, and second ward, 143. Biglerville and Butler township have still not reported registrations and a few registrations are expected from other districts which have previously turned in a number of cards, it was said today.

Nazi Defenders Of Huge Harbor Die By Hundreds

By WES GALLAGHER

Supreme Headquarters Allied Expeditionary Force, June 27 (AP)—American troops completed conquest of the deep-water port of Cherbourg today, while a powerful British offensive swept up three more towns and punched within three miles of the eastern Normandy bastion of Caen.

In the battle of Cherbourg "the enemy has lost the greater part of four infantry divisions, numerous naval and marine units, and line of communication troops," supreme headquarters declared.

The doughboys captured Lt. Gen. Carl Wilhelm Von Schlieben, Nazi garrison commander, and Rear Admiral Hennecke, sea defense commander of Normandy. Salvage experts rushed in to make the great docks and harbor a tremendous funnel of men and supplies for the battles to liberate Europe.

Montgomery Pounding Out Advances

But already Gen. Sir Bernard L. Montgomery was battering out on the eastern flank, with British troops driving east and southeast of Tilly-sur-Seuilles. Field dispatches said forward elements were less than three miles due west of the stronghold of Caen, and within a mile of the main road running southwest from Caen across the base of the Normandy peninsula.

The three additional towns captured were La Gaille, Cheux and St. Manvieu, in a stretch running some five miles east of Tilly.

Warship guns supported this push, battling against the most violent kind of opposition in the sector where the German command had concentrated four armored divisions.

Ends Second Phase of Campaign

Supreme headquarters declared "the fall of Cherbourg ends the second phase in the campaign of liberation"—defeating the immediate German tactical reserves and obtaining a harbor for larger operations.

There were indications that Montgomery already had begun the third phase, that of engaging the full strength of the German army and defeating its strategic reserves.

Today's Allied communique was issued about four hours after supreme headquarters had given the first official word of the capture of Cherbourg with the terse announcement—"Flash—Cherbourg fallen."

BULLETINS

Rome, June 27 (AP)—U. S. heavy bombers attacked targets today at Budapest, Hungary, and Brod, Yugoslavia.

Chicago, June 27 (AP)—

Arriving to address the Republican convention, Herbert H. Hoover said today he would participate vigorously in the election campaign. "I am going to stay in this fight until I die," the only living former president told newspapermen as he stepped from his train. "The fight is for everything that is precious to the American people."

Hold Airfield

One of these held Maupertus airfield five miles east of the port, while the main remaining German force was bottled up in Cap de la Hague, at the northwest tip of the peninsula, where Bradley's men can deal with them at will.

The British were advancing under heavy cloud cover which robbed them of the benefits of Allied air superiority and in the face of stubborn resistance.

There was every indication that Rommel was determined to defend Caen to the last and an even greater battle than the assault on Cherbourg was likely to develop as Montgomery makes his bid to break out into the open country.

Bursts Old Boast

Cherbourg fell to American infantry after house-to-house fighting which climaxed five days of the most bitter fighting of the 21-day campaign and came almost four years to the day since Adolf Hitler, surveying a defeated France, proclaimed, "the war in the west is finished."

In its closing phases, the capture of Cherbourg was a bloody grenade and bayonet business by clean-up squads which moved through smoky streets wiping out pillboxes and strong points. Von Schlieben ignored a second call to surrender yesterday and the last-ditch defenders died by the hundreds in the final hours of their fanatical fight.

One of the richest prizes in Europe, Cherbourg's outer harbor alone covers 1,250 acres of water and will hold more than 100 of the largest merchant ships. This trans-Atlantic terminus provides a safe anchorage even in the roughest weather.

Waiting in the English channel for the port to fall was an enormous Allied salvage convoy with every type of equipment ready to rush in and repair the dock facilities and remove any sunken ships.

DEWEY'S MATE BIG CONCERN OF GOP DELEGATES

By PAUL MILLER
Chief of the Associated Press
Washington Bureau

Chicago Stadium, June 27 (AP)—Republican national convention delegates in a "hurry up and get it over" mood, looked for the answer today to their big remaining question—what to do with Governor Thomas E. Dewey in the fight to regain the White House?

The answer to a companion question—whether Gov. Earl Warren of California will accept the vice presidential nomination if offered—was expected soon, perhaps within a matter of hours.

California called a morning caucus at which it was learned Warren's position will be discussed, along with that of the delegation itself, prior to the opening of the third session of the convention at 10:15 a. m. (CWT). Warren has told the delegation not to nominate or support him for anything here.

Get Platform Today

Today's program opened. It called for a speech by Rep. Joseph W. Martin of Massachusetts, permanent convention chairman, and presentation of the platform to be followed tonight (after 9 p. m.) by addresses by former President Herbert Hoover and Mrs. Clare Boothe Luce, Connecticut congresswoman.

Going into the jammed second day of the party's 23rd convention: 1. Wendell Willkie, the 1940 nominee, issued a statement in New York criticizing the proposed peace plank in the party's platform, declaring its "result would be no international organization . . . for the suppression of aggression." Willkie's plank was stricken off by most platform drafters, but a group of governors suggested the plank be patterned after Dewey's public utterances, which include a recent declaration in favor of world organization employing military force to secure the peace.

2. The name of Gov. John W. Bricker was heard in vice-presidential speculation, but the Bricker camp—far from dropping out of the presidential picture—called a caucus amid expressions of new hope that some state delegations might split over what they termed "pressure tactics by Dewey leaders."

Ask Free Press

3. Rumors spread that Governor Dewey might fly here Wednesday to accept the nomination if the delegates carry out advance notices and overwhelmingly choose him for president that day. Dewey people made no secret of their efforts for an early decision but the best guess is the convention will run through Thursday. If Dewey flies he'll duplicate President Roosevelt's Albany-to-Chicago flight of 1932. That's one reason he's more likely to arrive by train about 9 a. m. Thursday.

4. Directors of the American Society of Newspaper Editors urged both major parties to adopt planks on the issue of a free press and unrestricted world news transmission facilities. The total of pledged and claimed delegates for Dewey stood at 735, 375 of those being pledged outright with only 329 needed to nominate. For other candidates the totals were:

	Pl. Cl. Tot.
Governor Bricker	80 19 90
Lt. C. H. E. Stassen	35 1 36
Gov. Willis of Kentucky	22 — 22
Gen. D. MacArthur	1 — 1
Unpledged and unclaimed	— — 173
Delegate total	1,057

Stassen's supporters said his name positively would not be withdrawn.

VETERAN ASKS

(Continued From Page 1)

bor, but let me tell you, we handed the surprise right back to the Japs at Guadalcanal," the returned veteran said. For two and one-half hours the island was bombarded by planes and shelled by the ships. Only two Japanese planes were able to get into the air and both were shot down when they reached tree-top level. At 8:45 o'clock that morning the barrage from the ship's guns lifted inland and the Marines went ashore. By noon the beach-head was consolidated and by 12:45 o'clock in the afternoon American planes landed on Henderson field.

So great a surprise was the American landing to the Japanese that in houses along the beach the Marines found Japanese playing cards.

The initial surprise drove the Japanese from their positions along the beach but the enemy was not through. Boatwain's Mate Downs said. On the morning of August 8, about 2:30 o'clock, the "Japs hit us with everything they had including a task force and dive bombers. The engagement lasted throughout the day and seven American ships were burned or sunk."

Burial At Sea

The Coast Guard was given the job of finding survivors in the waters around Guadalcanal. "Many were badly burned, with eyelashes and hair gone from swimming through burning oil from the ships. Many were wounded by shrapnel. One man had two ribs torn out of his body and they were hanging down his back. Some bodies were seen with most of the flesh burned or torn off. Some half-bodies were found, with the men cut in two by shells," he said.

Then began Boatwain's Mate Downs' most difficult assignment—burying the dead at sea. "Talk about sea burial, there is nothing more horrible. You take a bag of sand and tie it to the corpse with a half-hitch around the neck and another around the feet so the body will sink."

"The body is then wrapped in a sheet or mattress, and three at a time are placed on a board. The chaplain says a few prayers, the board is tilted and it is all over. It must be done, but my job was to tie those half hitches around the men's necks and feet, and all the time I kept thinking 'Will I be the next to whom this will be done?'"

Appeals For Support

"If they knew what the men go through in the jungles, if they knew how a man feels as he waits for the Japs to attack while he mans a repaired machine-gun which may, or may not, work when the Japs are within shooting distance. If they knew that feeling, then they would buy the bonds that are needed to give that soldier, sitting in a muddy foxhole, a new machine gun, one he could have confidence in. The best proof is the men themselves. They all are buying bonds—yes and they would willingly give their pay, small as it is, for new machines, machines that they need to fight the war to a quick conclusion so that they too can come home."

"This is your opportunity—your chance to buy the bonds that will speed the day when all of our men can come back to their homes, and begin again living like human beings."

Music prior to the meeting, attended by 150 upper countians, was provided by the York Springs high school band led by Dale Roth. A number of selections were also played by the band during the meeting.

Charles Yost, Biglerville, sang, "Great Day" and "Soldier of Fortune," and his daughter, Julia, played Rachmaninoff's "Prelude in C Sharp Minor" and a "Piano Theme," on the piano.

Kuhn Presides

Miss Jeanne Taylor accompanied a trio including Dorothy Allison, Dorothy Taylor and Ann Miller as they sang, "The Masked Ball" and "Your Land and My Land." She then sang "If I Were 17" and "God Left Only You." Lloyd W. Kuhn, Biglerville War Finance Committee chairman, presided at the meeting assisted by War Finance Committee chairmen from other upper community towns.

Boatswain's Mate Downs, for the last 18 years a resident of Tucker, N. J., continued today his series of talks at various gatherings. This morning and afternoon he spoke at a number of industrial plants. This evening he will appear at New Oxford and last night at a rally in McSherrystown.

DEWEY'S MATE BIG CONCERN OF GOP DELEGATES

By PAUL MILLER
Chief of the Associated Press
Washington Bureau

Chicago Stadium, June 27 (AP)—Republican national convention delegates, in a "hurry up and get it over" mood, looked for the answer today to their big remaining question—who's to team with Governor Thomas E. Dewey in the fight to regain the White House?

The answer to a companion question—whether Gov. Earl Warren of California will accept the vice presidential nomination if offered—was expected soon, perhaps within a matter of hours.

California called a morning caucus at which, it was learned, Warren's position will be discussed, along with that of the delegation itself, prior to the opening of the third session of the convention at 10-15 a. m. (CWT). Warren has told the delegation not to nominate or support him for anything here.

Get Platform Today
Today's program began. It called for a speech by Rep. Joseph W. Martin of Massachusetts, permanent convention chairman, and presentation of the platform to be followed tonight (after 9 p. m.) by addresses by former President Herbert Hoover and Mrs. Clare Boothe Luce, Connecticut congresswoman.

Going into the jammed second day of the party's 23rd convention: 1. Wendell Willkie, the 1940 nominee, issued a statement in New York criticizing the proposed peace plank in the party's platform, declaring its "net result would be no international organization . . . for the suppression of aggression." Willkie's plaint was shrugged off by most platform drafters, but a group of governors suggested the plank be patterned after Dewey's public utterances, which include a recent declaration in favor of world organization employing military force to secure the peace.

2. The name of Gov. John W. Bricker was heard in vice-presidential speculation, but the Bricker camp—far from dropping out of the presidential picture—called a caucus amid expressions of new hope that some state delegations might split over what they termed "pressure tactics by Dewey leaders."

Ask Free Press
3. Rumors spread that Governor Dewey might fly here Wednesday to accept the nomination if the delegates carry out advance notices and overwhelmingly choose him for president that day. Dewey people made no secret of their efforts for an early decision but the best guess is the convention will run through Thursday. If Dewey flies he'll duplicate President Roosevelt's Albany-to-Chicago flight of 1932. That's one reason he's more likely to arrive by train about 9 a. m. Thursday.

4. Directors of the American Society of Newspaper Editors urged both major parties to adopt planks on the issue of a free press and unrestricted world news transmission facilities.

The total of pledged and claimed delegates for Dewey stood at 735, 576 of those being pledged outright with only 529 needed to nominate. For other candidates the totals were:

	Pl.	Cl.	Tot.
Governor Bricker	80	10	90
Lt. Cmdr. H. E. Stassen	35	1	36
Gov. Willis of Kentucky	22	—	22
Gen. D. MacArthur	1	—	1
Unpledged and unclaimed	—	—	173
Delegate total	—	—	1,057

Stassen's supporters said his name positively would not be withdrawn.

ALLIES POUND BIG JAP BASE

By J. B. KREUGER

(Associated Press War Editor)

Garapan, first Japanese capital city to feel the shattering weight of U. S. land artillery, is crumbling under attacks of American Marine and Infantry troops who invaded Saipan only 13 days ago.

The speed of the assault against this capital of the Marianas islands indicated the city, as of today, may be in Allied hands.

Tokyo radio, jumping two days ahead of the latest accounting from Adm. Chester W. Nimitz, reported a 170-plane raid against Guam, southernmost of the Marianas, on Monday. This fairly large fleet inflicted no damage, Tokyo said in its bland way, but 16 Allied planes were downed. No Allied report confirmed these claims.

AP Correspondent William Worden told of weak enemy resistance to the terrific bombardment which softened Garapan for the foot-soldier attack. Admiral Nimitz followed with a report which said Americans already were scurrying through the southern port of the town, which accommodates a population of 10,000.

Nimitz' forces made secure the southern half of the island with the capture of Mt. Tapotchau and Kagman peninsula. The 1,550-foot peak lying east of Garapan permits artillery domination of the whole island. Kagman peninsula sewed up control of Magicienne bay, chief Saipan anchorage in which U. S. small boats already are shuttling across. The Japanese were too busy with the land foe to bother the boats.

VETERAN ASKS

(Continued From Page 1)

bor, but let me tell you, we handed the surprise right back to the Japs at Guadalcanal," the returned veteran said. For two and one-half hours the island was bombarded by planes and shelled by the ships. Only two Japanese planes were able to get into the air and both were shot down when they reached tree-top level. At 8:45 o'clock that morning the barrage from the ship's guns lifted inland and the Marines went ashore. By noon the beach-head was consolidated and by 12:45 o'clock in the afternoon American planes landed on Henderson field.

So great a surprise was the American landing to the Japanese that in houses along the beach the Marines found Japanese playing cards.

The initial surprise drove the Japanese from their positions along the beach but the enemy was not through. Boatswain's Mate Downs said. On the morning of August 8, about 2:30 o'clock, the "Japs hit us with everything they had including a task force and dive bombers. The engagement lasted throughout the day and seven American ships were burned or sunk."

Burial At Sea

The Coast Guard was given the job of finding survivors in the waters around Guadalcanal. "Many were badly burned, with eyelashes and hair gone from swimming through burning oil from the ships. Many were wounded by shrapnel. One man had two ribs torn out of his body and they were hanging down his back. Some bodies were seen with most of the flesh burned or torn off. Some half-bodies were found, with the men cut in two by shells," he said.

Then began Boatswain's Mate Downs' most difficult assignment—burying the dead at sea. "Talk about sea burial, there is nothing more horrible. You take a bag of sand and tie it to the corpse with a half-hitch around the neck and another around the feet so the body will sink."

"The body is then wrapped in a sheet or mattress, and three at a time are placed on a board. The chaplain says a few prayers, the board is tilted and it is all over. It must be done, but my job was to tie those half-hitches around the men's necks and feet, and all the time I kept thinking 'Will I be the next to whom this will be done?'"

"To invade is a horrible feeling—to be told you are going home is another, just as strong the opposite way," Downs added.

"But what did I find when I came home?" he continued. "It has almost been proven to me that some people don't care what happens to the men out in the jungles. They seem to think, 'Well, that's what the Army and Navy are for.'"

Appeals For Support

"If they knew what the men go through in the jungles, if they knew how a man feels as he waits for the Japs to attack while he mans a repaired machine-gun which may, or may not, work when the Japs are within shooting distance. "If they knew that feeling, then they would buy the bonds that are needed to give that soldier, sitting in a muddy foxhole, a new machine gun, one he could have confidence in. The best proof is the men themselves. They all are buying bonds—yes and they would willingly give their pay, small as it is, for new machines, machines that they need to fight the war to a quick conclusion so that they too can come home."

"This is your opportunity—your chance to buy the bonds that will speed the day when all of our men can come back to their homes, and begin again living like human beings."

Music prior to the meeting, attended by 150 upper countians, was provided by the York Springs high school band led by Dale Roth. A number of selections were also played by the band during the meeting. Charles Yost, Biglerville, sang, "Great Day" and "Soldier of Fortune," and his daughter, Julia, played Rachmaninoff's "Prelude in C Sharp Minor" and a "Piano Theme," on the piano.

CORRECTION

The maiden name of the mother of the late E. Dale Heiges, who died Sunday in Biglerville, was Sarah Bushey instead of Sadie Brough as incorrectly reported to The Gettysburg Times Monday. Dr. Harold L. Heiges, Washington, D. C., instead of Dr. Harold I. Heiges, and Joan Christina Heiges, a grandchild, instead of Joan Christine, are among the survivors.

Letters To The Editor

Hello Folks,

I sure wish I could be in Gettysburg. After living in a land of sand and hot sun for just three months, the grass and shade trees of Gettysburg would seem like heaven. But don't let me fool you. I like it here in Arizona very much. The Davis-Monthan Air Base is a wonderful place to be stationed if you like to work around airplanes.

Air WACS here are among the first in the country to be engine mechanics, aircraft electricians and armorers. The WACS work alongside the men keeping the B-24 Liberator bombers in the air to train the combat crews that will soon be overseas with the invasion.

I am working in Technical Supply, issuing hand tools or writing tickets for airplane parts to be repaired. Tech supply works hand-in-hand with the soldiers and WACS who maintain the planes, supplying them with the proper equipment for repairs.

I want to thank the editor for sending me the paper. I look forward to receiving it every week, because I know just what is happening in Gettysburg, and exactly how my friends are getting along. It is almost like being home again.

I don't know when I'll be getting a furlough, but until then I'll say "So Long", and thanks again for the paper.

PVT. JANET CLAPSADDE, Section B, Davis-Monthan, Tucson, Arizona.

Dear Sir:

I have received your newspaper continuously for the past two and one-half years. I have been in the service. I have been transferred from the armored Replacement Center to the armored school. They have been keeping me so busy I haven't had an opportunity to inform you of my change of address. My new address is Cafeteria Company, 1st Student Regt., Training Group, The Armored school.

I am a cook in one of these large cafeterias. There are several of them here and they feed all of the students (officers and enlisted men), that come here for various training purposes.

I really enjoy receiving your paper as it helps me keep up with the Adams county boys in the service. Not many of them get to Ft. Knox although I have met quite a few of them.

That is about all I have to say for this time so I will close now. Thanking you again for the paper.

I am,
PFC. ADAM J. MYERS

Dear Sir:

Just a few lines thanking you again for the paper which I have been receiving every week and also to let you know of my change of address. I guess you are having some nice weather now. We are not doing so good. We have not seen the sun in four days and we have some ice the past two days. It don't look like we are going to have any summer. Well I must sign off and go to bed.

Yours truly,
ALBERT L. WOLFORD, S2-c, S. D. 3050, Co. D, Plt. 4, Quoddy Village, Maine

Dear Sir:

My address has changed to the following again. It will be swell receiving the Gettysburg Times again. It has only been ten months but I truly missed it. Then there's nothing more that will bring back good health to a service man than his home-town paper. It has been missed as much as fresh eggs, fresh milk and ice cream overseas in England, or anywhere, as far as that goes.

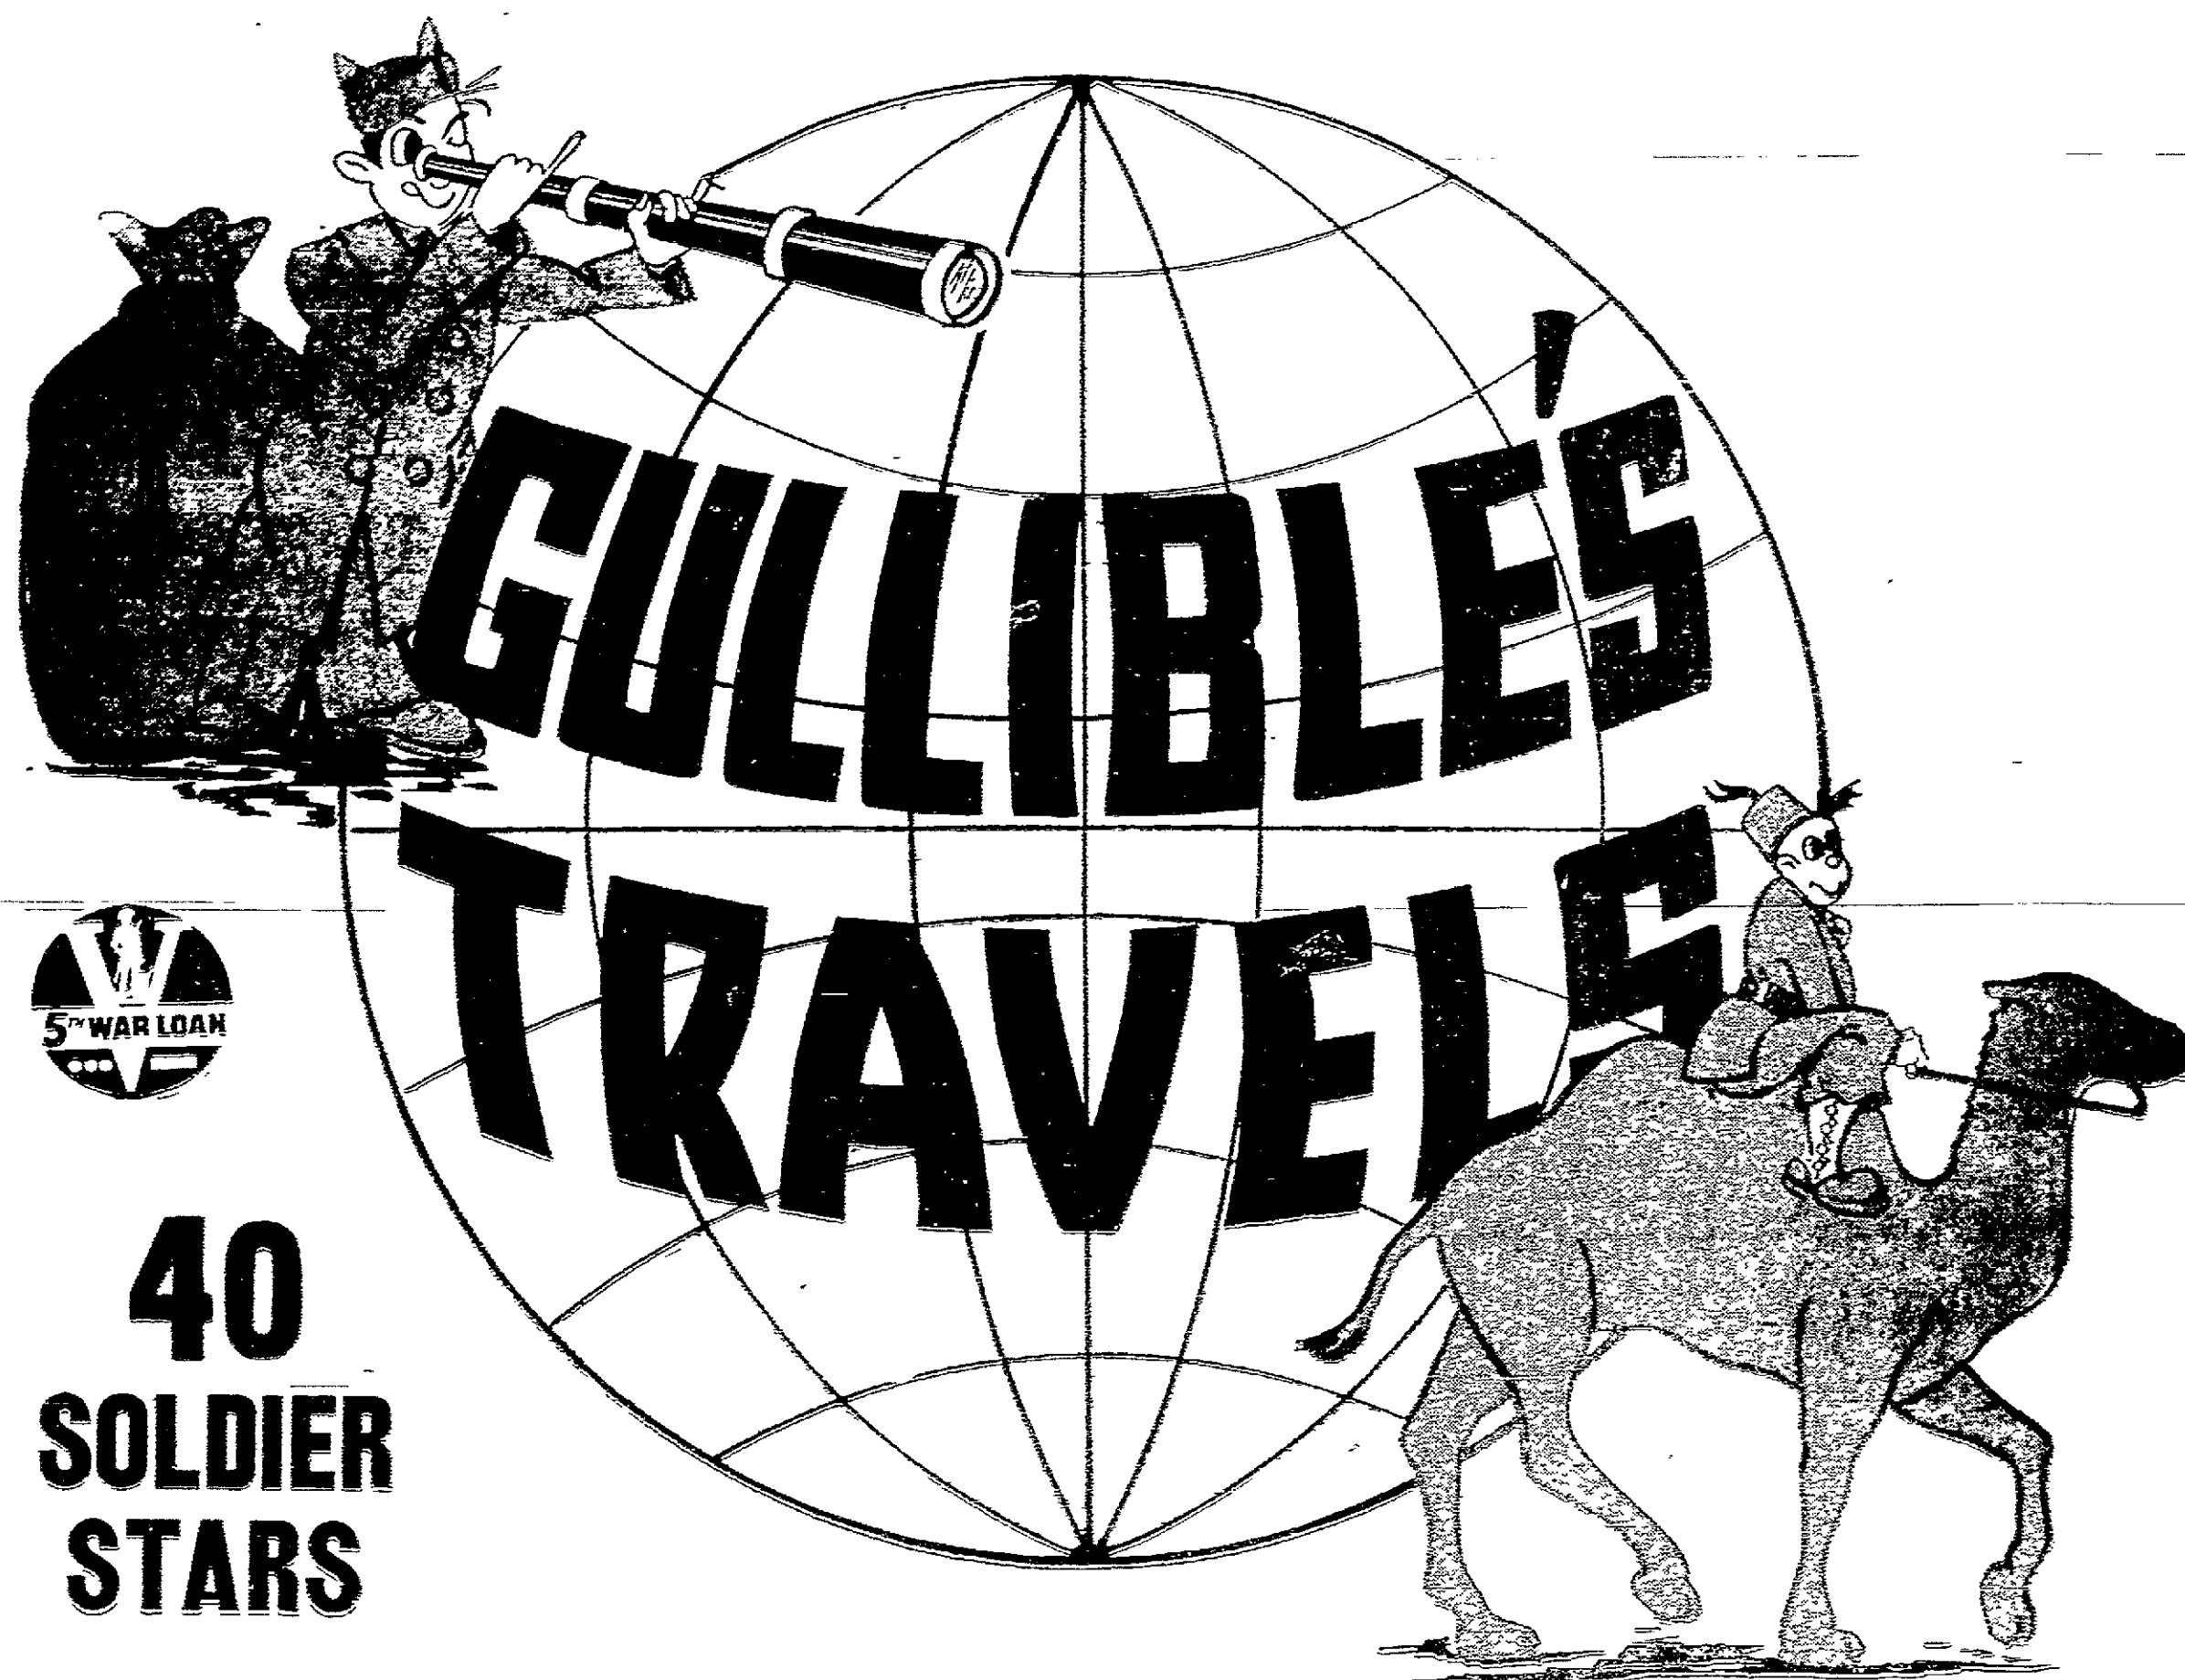

Sincerely,
Pfc. William Andrew Weikert, Det. of Patients, England Gen. Hosp., Atlantic City, New Jersey

NO FOOTBALLS AT REHEARSALS FOR YALE TEAM

By LOU BLACK

New Haven, Conn., June 27 (AP)—An experiment which saw a big-league gridiron squad go right through spring training without a football anywhere in sight has been concluded at Yale and Coach Howard Odell expressed delight today over results.

"The boys sure look fit and tough, and it looks like we've got something here," smiled Odell as he surveyed his huskies—24 of 32 line candidates are over six feet tall and the majority weigh more than 180 pounds.

Yale's potential '44 team has done its stuff in the gym—the principle of sweat—under Bob Kipphut, the Bulldogs' well known swimming coach. The workouts have consisted of grueling calisthenics with stress on development of muscles for agility, strength and endurance.

Severe Grind

Conspicuously absent was the usual kicking passing and tossing of footballs.

For six weeks, more than 50 football candidates went through the grind, and as Capt. Mac Whiting of Birmingham, Michigan, says, "It sure was tough, but I've never felt better in my life, and I know the other boys feel the same way about it."

The experiment was born of war conditions, mainly lack of time. Odell and his footballers will have to be tough this fall to meet the revised eight-game schedule announced today by Athletic Director Ogden D. Miller. A feature is the addition of the University of North Carolina, last met in 1924.

The slate, September 30, Coast Guard academy.

October 7, Cornell; 14, Columbia; 21, no game, examinations; 28, Rochester.

November 4, Dartmouth; 11, Brown; 12, North Carolina; 25, Virginia.

SEGURA STARS IN TENNIS PLAY

Evansville, Ind., June 27 (AP)—Francisco (Pancho) Segura, the University of Miami's glittering lend-lease star from Ecuador, is taking geographical picks on the field trying to dethrone him in the singles play of the N.C.A.A. tennis championships which entered the third round today at Northwestern University.

Segura, who yesterday polished off Richard Warner of the University of Utah, today was expected to trim another contender from the same state—Dale Lewis, Utah State college's only entry—as 16 survivors, including five of the original six seeded players, resumed the title quest.

Play also was to open today for the doubles crown, won last year by the Texas university duo of Johnny Hickman, currently seeded fourth, and Walter Driver, who is not competing.

Top-seeded Segura, who had a first round bye, employed his wicked two-handed smashes effectively, giving Utah's Warner 12 points in the first set and 21 in the second as the champ won, 6-1, 6-3.

FRITZIE ZIVIC LOSES TO BELL

Pittsburgh, June 27 (AP)—Pvt. Fritz Zivic, the Air Corps' fledgling KIWI who came home on furlough with ring rust in his eyes, today was ready to turn the boxing business over to the youngsters, after dropping a ten-round split decision to Tommy Bell hard-punching welterweight from Youngstown, Ohio.

His timing off, and the flashing speed that carried him to a world welterweight title missing, the cagey veteran of 179 professional bouts in 13 years said last night he was through. "For sure this time."

Zivic, a 2-1 underdog in the betting, surprised the crowd of about 12,000 who paid \$32,793.23 to see the bout. He out-manoeuvred his 20-year-old foe most of the way, avoided Bell's hand right that had scored 23 knockouts in 32 fights, and in general complicated the picture sufficiently so that officials agreed on but four of the ten rounds.

But toward the end, when the legs that carried him to 133 victories began to weaken, Zivic slowed down and the comfortable margin he had piled up in the early rounds faded as Bell consistently drove home the attack and kept Zivic on the defensive.

Fritzie marked up both of Bell's eyes, and came out of the bout unmarked. His ring generalship steered him from possible damage from Bell's dynamite left right as he consistently slipped it over his head after he was forced to assume the defensive.

PRACTICE

Salt Lake City (AP)—"Good experience," mused 18-year-old Don Baldwin after capturing two German prisoners of war who had flagged a ride on his truck.

Baldwin will be inducted into the Army within the next few days.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, June 27 (AP)—That \$15,000 bonus the Red Sox paid to young Dick Cullen of New Orleans has stirred up fresh talk that such payments don't give independent minor league clubs a chance to sign kids that develop right in their own backyards.

It seems that last winter the major-league postwar committee discussed a proposal to eliminate bonus payments, giving the player a cut in the sale price when he moved up instead. Since nothing has been done yet, why not substitute the old idea of territorial rights?

In that each minor league club would have first chance to sign any prospect in a designated territory. If some other club wanted him, badly enough to pay a big bonus, okay, but it would also have to pay the club whose territory was invaded—say, 50 per cent of the amount given the player. See any objections?

TODAY'S GUEST STAR

Tommy Fitzgerald, Louisville Courier-Journal: "A former northwestern football coach says grumblers could be a big help to the war effort by concentrating on developing their youth instead of moping football games. Thus, of course, will bring up again the question of who to whip first, Germany, Japan or the alumni."

SHORTS AND SHELLS

Bob Pastor, ex-heavyweight title contender, has just won his second lieutenant's bars at Miami Beach and has been assigned to Randolph Field, Tex.—where they're liable to forget he was a fighter and remember he once played football for NYU.

NEW TRAINING RULE—DONT

Mrs. Irene Sand Jones, commissioner of feminine track and field in San Francisco, was eager to send two of her athletes, Dorothy Stettler and Betty Brummond, east for the women's national championships.

The project was regrettably abandoned because it was found impossible to obtain train reservations to Harrisburg, Pa., and back. Both the girls work for the Southern Pacific railroad.

SERVICE DEPT.

Lieut. Joe Rappini, who talked 15 Germans into surrendering in France, captured the Fort Sheridan, Ill., baseball team during his training days and was regarded "the most dangerous hitter on the team."

Maybe that's what he told the Nazis. . . . Buddy Elrod, 1941 all-American end at Mississippi State, is missing in European action. . . . Lieut. Don Kepler, former Penn. State baseballer, teaches cadets now to "live off the country" at the North Carolina pre-flight school. That should qualify him for a post-war job as football scout.

Walker, Tucker Leading Swatters

New York, June 27 (AP)—Dixie Walker of the Brooklyn Dodgers and Thurman Tucker of the Chicago White Sox still held the fort today as the top hitters in the major leagues but Walker's margin had shrunk to three points over Stan Musial of the St. Louis Cardinals and Tucker had a distant threat in a new direction from Oris Hockett of Cleveland.

Hockett rocketed from fifth place into the American league number-one spot on a 16-point rise that boosted his mark to 340 or 39 points back of Tucker's 369. Bobby Doerr and Pete Fox of the Boston Red Sox are tied for third at 325 with Chuck Hostetler of Detroit dropping from second to fifth at 319. Figures include games of June 26.

Musial moved up on Walker because of his 16-point rise that boosted his mark to 340 or 39 points back of Tucker's 369. Bobby Doerr and Pete Fox of the Boston Red Sox are tied for third at 325 with Chuck Hostetler of Detroit dropping from second to fifth at 319. Figures include games of June 26.

TWIRLS THIRD SHUTOUT GAME

(By The Associated Press)

Dwight Gooden, who has pitched the Scranton Reu Sox to nail their 19 Eastern league victories, added his third consecutive shutout triumph last night against Williamsport, 6-0.

The league-leading Hartford Laurels took their third straight win over the Utica Blue Sox, 4-2. Rasher, up Albany swept to a 11-3 margin over Binghamton. Elmira blushed all their runs in the last two innings to batter Wilkes-Barre, 10-6.

Ex-Tank Gunner Sumonds allowed only five hits and set the Grays down in order for six of the nine innings. Dinges led the Scranton attack with three for four.

One Cottingham voted No. 1 pitcher of the minor league in 1943 was handed his first defeat in 1944, starts since being sent to Utica by the Philadelphia Phillies. Cottingham was mowed for nine hits, but it took a three-hit performance by Dave Odum to win for the Laurels.

Wilkes-Barre's Barons held a 6-0 lead over Elmira going into the eighth, but the Pioneer's blasted across eight runs in that frame and seven more in the ninth, getting six hits in each for a total of 17.

Albany unleashed a 16-hit attack on two Binghamton hurlers. The Senators never trailed, but put the game on ice with a six-run attack in the eighth. The victory marked Orrie Arntzen's fourth straight score joining the Albany mound corps.

YANKEE JINX FACES BROWNS

By JACK HAND

(Associated Press Sports Writer)
It's the St. Louis Browns on the first ballot in the nation's popularity convention but Luke Sewell's men still have to prove they can whip the "Yankee jinx" if they're going to win their first American league pennant.

Four games out in front of second place Chicago and four and a half ahead of Joe McCarthy's New York Yankees and Boston, virtually tied for third, the Browns head east for the second time with the shadow of the Yankee Stadium darkening their horizon. They open their Eastern trip tomorrow against the world champions whom they have been able to whip but twice in seven starts. Last year it was five of 22 and way back in 1922 when the club was making its last serious bid for a flag the same "Yankee jinx" cost them their chance to the tune of 14 defeats in 22 crucial struggles.

NO FOOTBALLS AT REHEARSALS FOR YALE TEAM

By LOU BLACK

New Haven, Conn., June 27 (AP)—An experiment which saw a big-league gridiron squad go right through spring training without a football anywhere in sight has been concluded at Yale and Coach Howie Odell expressed delight today over results.

"The boys sure look fit and tough and it looks like we've got something here," smiled Odell as he surveyed his huskies—24 of 32 line candidates are over six feet tall and the majority weigh more than 180 pounds.

Yale's potential '44 team has done its stuff in the Eli gym—the temple of sweat—under Bob Kipnuth, the Bulldogs' well known swimming coach. The workouts have consisted of gruelling calisthenics with stress on development of muscles for agility, strength and endurance.

Severe Grind

Conspicuously absent was the usual kicking passing and tossing of footballs.

For six weeks, more than 50 football candidates went through the grind, and as Capt. Mac Whiting of Birmingham, Michigan, says, "It sure was tough, but I've never felt better in my life, and I know the other boys feel the same way about it."

The experiment was born of war conditions, mainly lack of time.

Odell and his footballers will have to be tough this fall to meet the revised eight-game schedule announced today by Athletic Director Ogden D. Miller. A feature is the addition of the University of North Carolina, last met in 1924.

The slate: September 30, Coast Guard academy.

October 7, Cornell; 14, Columbia; 21, no game, examinations; 28, Rochester.

November 4, Dartmouth; 11, Brown; 18, North Carolina; 25, Virginia.

SEGURA STARS IN TENNIS PLAY

Evansville, Ind., June 27 (AP)—

Francisco (Pancho) Segura, the University of Miami's glittering lend-lease star from Ecuador, is taking geographical picks on the field trying to dethrone him in the singles play of the N.C.A.A. tennis championships which entered the third round today at Northwestern university.

Segura, who yesterday polished off Richard Warner of the University of Utah, today was expected to trim another contender from the same state—Dale Lewis, Utah State college's only entry—as 16 survivors, including five of the original six seeded players, resumed the title quest.

Play also was to open today for the doubles crown, won last year by the Texas university duo of Johnny Hickman, currently seeded fourth, and Walter driver, who is not competing.

Top-seeded Segura, who had a first round bye, employed his wicked two-handed smashes effectively, giving Utah's Warner 12 points in the first set and 21 in the second as the champ won, 6-1, 6-3.

FRITZIE ZIVIC LOSES TO BELL

Pittsburgh, June 27 (AP)—Pvt. Fritz Zivic, the Air Corps' fledgling KIWI who came home on furlough with ring rust in his eyes, today was ready to turn the boxing business over to the youngsters after dropping a ten-round split decision to Tommy Bell, hard-punching welterweight from Youngstown, Ohio.

His timing off, and the flashing speed that carried him to a world welterweight title missing, the cagey veteran of 179 professional bouts in 13 years said last night he was through, "for sure this time."

Zivic, a 2-1 underdog in the betting, surprised the crowd of about 12,000 who paid \$32,798.23 to see the bout. He out-manuevered his 20-year-old foe most of the way, avoided Bell's lethal right that had scored 28 knockouts in 32 fights, and in general complicated the picture sufficiently so that officials agreed on but four of the ten rounds.

But toward the end, when the legs that carried him to 130 victories began to weaken, Zivic slowed down and the comfortable margin he had piled up in the early rounds faded as Bell consistently drove home the attack and kept Zivic on the defensive.

Fritz marked up both of Bell's eyes, and came out of the bout unmarked. His ring generalship saved him from possible damage from Bell's dynamite laden right as he consistently slipped it over his head after he was forced to assume the defensive.

PRACTICE

Salt Lake City (AP)—"Good experience," mused 18-year-old Don Baldwin after capturing two German prisoners of war who had flagged a ride on his truck.

Baldwin will be inducted into the Army within the next few days.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, June 27 (AP)—That \$15,000 bonus the Red Sox paid to young Dick Callahan of New Orleans has stirred up fresh talk that such payments don't give independent minor league clubs a chance to sign kids that develop right in their own backyards.

It seems that last winter the major-minor postwar committee discussed a proposal to eliminate bonus payments, giving the player a cut in the sale price when he moved up instead. Since nothing has been done yet, why not substitute the old idea of "territorial rights?"

In that each minor league club would have first chance to sign any prospect in a designated territory. If some other club wanted him badly enough to pay a big bonus, okay, but it would also have to pay the club whose territory was invaded—say, 50 per cent of the amount given the player. . . . see any objections?

TODAY'S GUEST STAR

Tommy Fitzgerald, Louisville Courier-Journal.

A former northwestern football coach says gridiron mentors could be a big help to the war effort by concentrating on developing frail youth instead of winning football games. This, of course, will bring up again the question of who to whip first: Germany, Japan or the alumni.

SHORTS AND SHELLS

Bob Pastor, ex-heavyweight title contender, has just won his second lieutenant's bars at Miami Beach and has been assigned to Randolph Field, Tex.—where they're liable to forget he was a fighter and remember he once played football for NYU.

NEW TRAINING RULE—DON'T

Mrs. Irene Sand Jones, commissioner of feminine track and field in San Francisco, was eager to send two of her athletes, Dorothy Stettler and Betty Brummond, east for the women's national championships.

The project was regrettably abandoned because it was found impossible to obtain train reservations to Harrisburg, Pa., and back. . . . Both the girls work for the Southern Pacific railroad.

SERVICE DEPT.

Lieut. Joe Rappapini, who talked 85 Germans into surrendering in France, captured the Fort Sheridan, Ill., baseball team during his training days and was regarded "the most dangerous hitter on the team."

Maybe that's what he told the Nazis. . . . Buddy Elrod, 1940 all-America end at Mississippi State, is missing in European action. . . . Lieut. Don Kepler, former Penn State baseballer, teaches cadets now to "live off the country" at the North Carolina pre-flight school. That should qualify him for a post-war job as football scout.

Walker, Tucker Leading Swatters

New York, June 27 (AP)—Dixie Walker of the Brooklyn Dodgers and Thurman Tucker of the Chicago White Sox still held the fort today as the top hitters in the major leagues but Walker's margin had shrunk to three points over Stan Musial of the St. Louis Cardinals and Tucker had a distant threat in a new direction from Oris Hockett of Cleveland.

Hockett rocketed from fifth place into the American league runner-up spot on a 16-point rise that boosted his mark to 340 or 29 points back of Tucker's 369. Bobby Doerr and Pete Fox of the Boston Red Sox are tied for third at 325 with Chuck Hostetler of Detroit dropping from second to fifth at 319. Figures include games of June 26.

TWIRLS THIRD SHUTOUT GAME

(By The Associated Press)

Dwight Simonds, who has pitched the Scranton Red Sox to half their 18 Eastern league victories, added his third consecutive shutout triumph last night against Williamsport, 6-0.

The league-leading Hartford Laurels took their third straight win over the Utica Blue Sox, 4-2. Runner-up Albany swept to a 11-3 margin over Binghamton. Elmira bunched all their runs in the last two innings to batter Wilkes-Barre, 16-6.

Ex-Tank Canner Simonds allowed only five hits and set the Grays down in order for six of the nine innings. Dinges led the Scranton attack with three for four.

Chet Covington, voted No. 1 pitcher of the minor league in 1943, was handed his first defeat in two starts since being sent to Utica by the Philadelphia Phillies. Covington was nicked for nine hits, but it took a three-hit performance by Dave Odom to win for the Laurels.

Wilkes-Barre's Barons held a 6-0 lead over Elmira going into the eighth, but the Pioneers blasted across eight runs in that frame and seven more in the ninth, getting six hits in each for a total of 17.
